Wire info attached.

I set up a Google Doc of every time you wire me, how many BTC I buy, and at what price, so we can keep track of the metrics.

Tomorrow we are in BK all day, we can all meet at the office around 8-9pm before our nights start and go over the rest of it.

We can get a table at Greenhouse and convince them to take Bitcoin ;-)

Thanks,

Charlie

2:30 should be perfect if you guys can still make it. I have a meeting downtown at 5 so I can't stay once my call ends.

Let me know.

Thanks,

Charlie
